- 16-50V->13.5V Adapter

Just plug between power source and display power connector, or All-In-One cable and you have installed the power supply for your display

This adapter converts 16-50VDC input to stable 13.5V and thereby enables you to use 12V powered displays also in 24V-environments (eg. bus, truck)

Max. power : 2A

Connector diameters (DC) : Outer 5.5mm, Inner 2.5mm
