Calendar Plug-In Manual for Centrafuse™

Author: Bojan Piki (stric on Flux and mp3car forums)

Version: Tested with Centrafuse 1.13

Date: December 14, 2006

About

This is a Calendar plug-in for Centrafuse. You can enter notes for each day and view your calendar by month and year. Selecting a different day will display the notes for that day. You can press TODAY (button with Calendar icon) to return to the current day where you can see notes for today.

Installation of the plug-in

Open the file CFCalendar.msi and follow the instructions. When prompted for the install path make sure to enter the path of the Centrafuse install folder and not any subfolder or any other folder. For example, "C:\Program Files\Flux Media\Centrafuse".

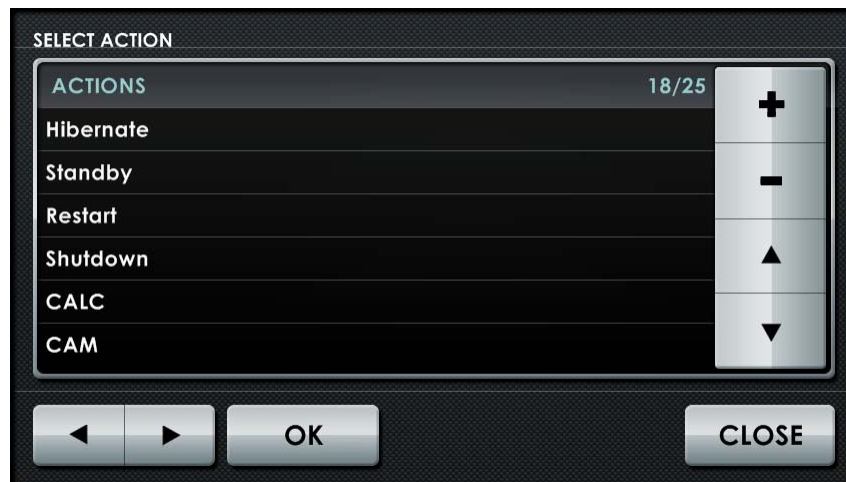

Installation (continued)

From the Settings menu, select BUTTON LAYOUT, press SETUP and you will see the screen below. Press up/down to locate the button that you want to assign to Calendar. Select the button and press SET.

Choose a button, press SET

Now you will see the Select Action screen. Press up/down until you locate the CALENDAR action. Select it as the action for the selected button and click OK. Once it is set, select CLOSE to return to the Centrafuse Settings menu. Click CLOSE again to exit Settings.

Assign Calendar plug-in as the Action to the selected button.

Setup

Use the arrows to navigate left or right until the SETTINGS button is shown.
Press the SETTINGS button.

CALENDAR button in Centrafuse™

- When you open Calendar, the left side shows a monthly calendar, while the right shows notes for the current day.
- The current day is highlighted in *red*. *Pink* is used to display the currently selected day.
- Pressing any day on the calendar will display the notes for that day in the box on right and also highlight that day in *pink*, indicating which day's notes are displayed.
- You can always return to the current day by pressing the TODAY button.
- If you click on the notes box, you can enter a new note for the selected day.
- You can also change the displayed month and year by clicking on the current month, and then use the next and previous arrow button to change months. Years can be changed in the same way.
